FINANCE OFFICER Recruitment Information Pack

Welcome

Hello, and a warm welcome!

Thank you for your interest in Area 43, so called because it is based in the historic town of Cardigan in West Wales which is the centre of the SA43 postcode.

For more than 25 years, Area 43 has provided drop-in and counselling support to many vulnerable young people in our community. We are proud of what we have achieved, but in recent years the world has changed. Even before the pandemic, young people experienced increased mental health issues, suicide, isolation, and a support system that didn't meet their needs. Area 43 was set up in 1996 to tackle these issues and over the years, we have succeeded in helping many local young people to successfully navigate the challenges they face.

One in eight young people suffers from a mental health issue. 30% live in poverty, more than a third have self-harmed. Young people are experiencing a lack of employment opportunities, issues related to body image and materialism, pressures from social media and negative stereotyping, and the age-old problems of poverty, domestic abuse and other family issues, substance misuse, and crime. Add to that a year out of school, isolated from friends, family and support systems, and the crisis is at breaking point. And we must do something about it.

We need to tackle head-on the issues around isolation, self-esteem, and resilience to tackle the mental health issues affecting young people. We need to do this *with* young people, rather than creating services and fitting young people into them. We need to be flexible, needs-led, trauma-informed, and trustworthy. Young people need to know that they can come to us, not just when in crisis, but before then, that they will be heard, listened to, and supported to make changes.

Services need to have appeal to all young people, be open, inclusive, and engaging. Non-threatening, fun, and worthwhile experiences are crucial to ensuring young people can and will access services. So, should they ever be in crisis, they know where to turn for support.

We welcome people regardless of age, disability, gender identity, marital status, race, faith or belief, sexual orientation, socioeconomic background, and whether you're pregnant or on family leave. In line with our commitments to race equity and trans inclusion, we particularly welcome applications from people who hold these identities. We are committed to changing services, making them relevant for today's youth.

If this aligns with your perspective, I do hope that you will apply for this position.

Sincerely

Rachael Eagles
Chief Executive Officer
